DIVISION I – TOURNAMENT RULES: The following rules apply to ACGFA member Year-end and Angler-of-the-Month tournaments, which start on May 1st and ends on April 30th each year. ACGFA sponsored tournaments, which are open to non-members, are covered by rules that apply to those tournaments only.

SECTION A – GENERAL:

(A-2) All fish must be caught by rod and reel and must be in accordance with local fishing methods.

(A-4) Fish must be caught in the “local” fishing waters and weighed at an approved weigh-in location (see Section D below) in order to count. “Local” fishing waters generally mean the waters from Jacksonville-Mayport inlet to Daytona-Ponce Inlet. 2. Chartered Member: Defined as one who is paid for the operation of the vessel while fishing. This does not preclude a Member from paying a captain to operate/maintain the vessel.

3. Commercially Fishing: Defined as a vessel that is commercially harvesting fish for sale, i.e., the captain or the vessel has the required Saltwater Products License and applicable Restricted Species Endorsements and fishing for fish to sell commercially.

If there is still a tie, the boat with the most first place fish on the board will win. If there is still a tie, co-winners (either or both categories) of “Boat-of-the-Year” will be awarded.

SECTION L – CONSERVATION AWARD for the most released fish (see Section C). The top angler, regardless of category, (Male, Female, Junior, or Small-fry) with the most “releases” will receive the “Conservation Award”. The 1st place winner(s) will earn 25 bonus points. If an angler tournament, the points will be added to Angler-of-the-Year points. If a boat tournament, the boat must have a name in order to receive the points that will be added to Boat-of-the-Year points. These bonus points will be added to either the “Inshore” or “Offshore” category based on type of tournament. **Note:** All ACGFA In-Club Tournaments that award cash prizes will have mandatory weigh-in location(s) listed in the rules and no fish will count for that tournament if not weighed at one of those locations.

SECTION N - NEW CLUB RECORDS: Club records will be maintained on fish weighed in accordance with past and current length and possession regulations. When a length or method of measurement is changed by regulation that makes an existing record unbeatable, the record will be closed and a new record established that meets the new regulation. They do not count for Boat-of-the-Year Awards. Anglers breaking a club record will be acknowledged for their accomplishment. To qualify for a club record, you must submit a picture of the fish and a signed statement by the witness verifying the measurement and weight of the fish along with the Fish Entry Form.
